

DocuTech 6155 – Details

SPECIFICATIONS:

- Device Technology: Digital
- Refill Type: Bottle
- Network able: Included
- Can handle almost any job with simplex or duplex printing, sizes as large as 14.33" by 17".
- With five paper input trays, you can spool and print a variety of jobs continuously.
- Finishes jobs like a pro: stitches, binds, and makes signature booklets.
- The optional Xerox Square Fold Booklet Maker produces inline saddle-stapled booklets with a unique square spine edge. Finished booklets lay flat and have the look and feel of high-end perfect bound books.
- In-place upgrade to the DocuTech 6180 Production Publisher.
- Networks with most standard environments: TCP/IP, Apple Ether Talk, and Novell.
- Variable Pitch printing allows maximum productivity across various page layout formats, specifically books and manuals.
- Dual Processor Sun Sunblade™ 1000 with Solaris Operating System 8.x.
- Print speed up to 155 ppm with upgrade available.
- All operators are made with the push of a few buttons.
- Remote diagnostics with Xerox service.
